REFERRAL

CONSTRUCTION ELECTRICIAN REFERRAL PROCEDURE

1. In the interest of maintaining an efficient system of production in the Industry, providing for an orderly procedure of referral of applicants for employment, preserving the legitimate interests of employees in their employment status within the area and of eliminating discrimination in employment because of membership or non-membership in the Union, the parties hereto agree to the following system of referral of applicants for employment.
2. The Site Local Union shall be the sole and exclusive source of referral of applicants for employment.
3. The Employer shall have the right to reject any applicant for employment.

4. The Site Local Union shall select and refer applicants for employment without discrimination against such applicants by reason of membership or non-membership in the Union and such selection and referral shall not be affected in any way by rules, regulations, bylaws, constitutional provisions or any other aspect or obligation of Union membership policies or requirements. All such selection and referral shall be in accord with the following procedure.
5. The Local Unions shall maintain a register of applicants for employment established on the basis of the Groups listed below. Each applicant for employment shall be registered in the highest priority Group for which he qualifies.

CONSTRUCTION ELECTRICIAN

GROUP I. All applicants for employment who have 8,000 hours experience in the trade, are residents of the Site Local Union's geographical area, as described herein, constituting the normal construction labor market, have been certified as a Construction Electrician by a duly constituted Inside Construction Local Union of the IBEW or have been certified as a Construction Electrician by any Inside Joint Apprenticeship and Training Committee, and, who have been employed in the trade for a period of at least six months in the last four years in the Site Local Union's geographical area covered by the normal construction market as defined in the Inside Collective Bargaining Agreement of the referring Local Union.

Group I status shall be limited to one Local Union at one time. An applicant who qualifies for Group I in a Local Union shall be so registered electronically and remain on Group I in that Local Union unless and until the applicant designates another Local Union as his or her Group I Local Union. If an applicant qualifies for Group I status in a Local Union other than his or her home Local Union and designates that local as his or her Group I Local Union, the Business Manager of the new Group I status Local Union shall by electronic means notify the Business Manager of the applicant's former Group I status Local Union.

GROUP II All applicants for employment who have 8,000 hours experience in the trade and who have been certified as a Construction Electrician by a duly constituted Inside Construction Local Union of the IBEW or have been certified as a Construction Electrician by any Inside Joint Apprenticeship and Training Committee.

GROUP III All other applicants for employment.

6. If the registration list is exhausted and the Site Local Union is unable to refer applicants for employment to the Employer within 48 hours from the time of receiving the Employer's request, Saturdays, Sundays and holidays excepted, the Employer shall be free to secure applicants without using the Referral Procedure, but such applicants, if hired, shall have the status of "temporary employees".
7. The Employer will promptly notify the Business Manager of the names, recommended classifications and social security numbers of such "temporary employee" and send the "temporary employee" to the Site Local Union for processing. The Local Union will then immediately refer those employees back to the recruiting employer with the appropriate classification. Any questions or disputes regarding this clause shall be referred to the Northern Ohio Labor Management Committee.
8. "Resident" means a person who has maintained his permanent home in the above defined geographical area of the Site Local Union for a period of not less than one year, or who, having had a permanent home in this area, has temporarily left with the intention of returning to this area as his permanent home.
9. The Union shall maintain an Available for Work List, which shall list the applicants within each Group in chronological order of the dates they register their availability for employment.

11. An applicant who is hired and who receives, through no fault of his own, work of forty (40) hours or less shall, upon re-registration, be restored to his appropriate place within his Group.
12. Employers shall advise the Business Manager of the Site Local Union of the number of applicants needed. The Business Manager shall refer applicants to the Employer by first referring applicants in Group I in the order of their place on the Available for Work List and then referring applicants in the same manner successively from the Available for Work List in Group II, and then Group III. Any applicant who is rejected by the Employer shall be returned to his appropriate place within his Group and shall be referred to other employment
